

Earn money by completing online surveys

This is fun to do and can earn you money whilst you are on the PC

I've spent many hours finding the survey sites that are free to join and that do actually pay out rewards, either cash through paypal, checks in the post, points that you accrue to get products or vouchers for your favorite shops.

Below is a list of websites where you are rewarded for taking surveys

[TheNetPanel](#) -US only

[Lightspeed](#) -US / Canada only

[ValueClick Media](#)

[SurveyAnnex](#)

[Greenfield Online \(GoZing\)](#)
